Vice-President of the group of companies
«Incotex»

General Director

«Display Systems» Ltd.

Kuzin O.A.

Dear Oleg Anatolievich!

On behalf of МКР «Tulagorsvet» thank you for effective cooperation in terms of the modernization of the lighting system in the city of Tula.

In the period from 2012 to 2014, the group of companies «Incotex» produced and supplied for the needs of the city more than 15000 led luminaires of the road series. For more than 5 years, the lighting equipment of the brand «LeaderLight» successfully operates on the streets of Tula, providing the declared savings and quality of lighting with failure statistics within 1% per year.

I note the high technical level of design solutions used in the development of luminaires, which positively differ «Incotex» products from other analogues in the market, as well as prompt execute warranty liability.

An objective assessment of the result of our cooperation with «Incotex» is the continued purchase of lighting equipment manufactured by «Incotex». So in the period from 2015 to 2018, our company has acquired and installed more than 3,000 luminaires of «LeaderLight».

I wish the team of «Incotex» further professional success and hope to continue mutually beneficial cooperation.

Director МКР «Tulagorsvet»

Isakov P.V.
